

### **Declaration of Governing Body interests:**

Governors are required to declare any relevant business and pecuniary interests at the start of each academic year. This will include Governance at any other educational institution and any material interests arising from relationships between governors or relationships between governors and school staff (including spouses, partners and close relatives).

At present, there is one relevant declaration recorded by Mr Robert Price (Headteacher) that his son Nicholas Price has been an occasional employee of the school maintenance team (Zero Hours Contract due to cease 31/8/17).
